Outreach

Over **637** presentations made at seminars, workshops, and technical meetings at the International, National, State, Multi-state, and Departmental Levels.

Director of the UT Weed Diagnostics Center created to provide stakeholders from across the United States an array of diagnostic tests specific to problematic weeds including weed identification, herbicide resistance screening, and bermudagrass characterization.

Manage UT Extension websites, tnturfgrassweeds.org and weeddiagnostics.org. Developed a new mobile resource, Mobile Weed Manual, to assist with herbicide selection in turfgrass in ornamentals. The resource is available mobileweedmanual.com and via the [Apple App Store](#) and the [Google Play Store](#).

Coordinate UT Turfgrass Crash Course, [#TNTurfTuesday](#) digital learning series, and the Tennessee Turfgrass Association Conference and Trade Show.
